

Thank you for your interest in having a birthday party at Textile Center! Our unique, hands-on celebrations invite children to explore the world of fiber art by creating a one-of-a-kind project to take home.

**WOOL GEODES (Ages 6+)**

It's amazing what colorful loose wool, warm water, and soapy suds can create! Learn how to wet felt balls and turn them into mesmerizing wool geodes. String them together and add a keychain to decorate your backpack.

**KUMIHIMO (Ages 8+)**

Meaning "braided cord," kumihimo is a Japanese technique of braiding multiple threads. The braids were once used to lace samurai warrior's armor, over 1,000 years ago! Now kumihimo is used as an art form to decorate just about anything.
