

Textile Center Supply List

Mobile Menders: Clothing Clinic

Michelle Ooley

Please bring with you to class:

Material fee of \$10, payable to instructor (includes sample fabrics, zippers, etc)

Students are encouraged to bring 1-4 items of clothing that need repair. For example, students may bring one item that needs a button repair, one that needs a patch, one in need of hemming repair, and one that needs a new zipper pull (complete zipper repairs are not available).

If you have a preferred button, zipper pull, etc., that you would like to use for the repair, please bring it. If you do not have items to repair, but still want to learn the techniques, the instructor will provide all necessary supplies.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
