

Textile Center Supply List

Natural Dyes: Yellow/Marigold
Ceci Lewis

Please bring with you to class:

Materials fee \$25, payable to the instructor.

Scoured or PDF natural fiber cloth in one-yard lengths. Four different fiber types would be best (cotton, linen, silk, wool, rayon, tencel etc.). We will divide these pieces to be dyed in the different dye pots with different modifiers.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
