

Textile Center Supply List

Understanding Sergers **Steve Pauling**

Please bring with you to class:

Paper and pen/pencil for note taking

Serger in good working order

Operating manual for your serger

Power cord and/or foot control!!!

All serger accessories: needle plates, feet, and supplemental instructions for accessories

Necessary tools for changing needles, needle plate, looper converter (if appropriate to your machine)

Extra needles – just in case!! Make certain they are the correct system/type/size for your machine.

Spools of serger thread in different colors to help in threading and diagnosing stitch quality issues. All threads must be of the same brand/weight/type/quality.

A variety of fabric samples (muslin, light-weight woven, sheers, knits of differing weights, etc. - whatever you have available or want to learn about). Bring extra to share with others

Small brush for removing lint

Thread clip/scissors

Fabric scissors

Tweezers/looper threaders, needle holders

If you need reading glasses, don't forget to bring them!!

Lastly, bring a desire to learn new skills, a positive "can-do" attitude, and a sense of humor!

Please try to arrive a few minutes early to set up your work station. The classroom will be open 15 minutes before the start of class. The sooner we can get started, the more time you will have to learn and practice!! If you have any questions prior to the class, you may contact the instructor at Steve@bobbinhousestudio.com.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
