

Textile Center Supply List

Naturally Dyed Yarn

Ceci Lewis

Please bring with you to class:

Materials fee \$15, payable to the instructor (includes dye stuff, mordants/modifiers)

Skeins of undyed wool or wool-blend yarn* appropriate for whichever project you'd like to pursue!

(Please verify the fiber content of your yarn to guarantee that the dye will adhere correctly.)

Gloves

If you plan to dye your own wool crewel yarn for the "Bayeaux Beastie: 11th Century Couched and Laid Work" class, you will need to dye **at least two skeins: one dark color for the outline, one light color for filler. You are welcome to dye more. Stitchville USA in Minnetonka carries Vineyard Merino 100% crewel wool.*

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
