

Textile Center Supply List

INTERLACE: Improvisational Quilting

Laura Wennstrom

Where can I get the class materials?

- Personal items/stash/equipment
- Local textile supply or craft store

Materials:

- Large assortment of scrap fabric to work from, from your personal stash—fabrics that you are drawn to in some way. These do not necessarily need to be traditional quilters cotton. Your fabrics can be fabric from clothing, household textiles, clothing from children or loved ones, or that cool thing you are just not sure quite what to do with.
- Sewing machine in good working order. All students need to have a working sewing machine and the ability to operate it independently. Please bring your sewing machine's operating manual with you to class, for troubleshooting, should there be problems.
- Thread
- Sewing scissors
- Straight sewing pins
- Needles for hand sewing
- Rotary fabric cutter and cutting mat (optional)
- Thimble for hand sewing (optional)

Depending on the project you decide to pursue you may need additional materials such as quilt batting.

There will be time reserved at the end of class for cleanup. Please help this process go quickly by assisting the instructor.

Please ring the buzzer **in the back** to be let into the building, for all after hours classes. Parking is available in the lot behind our building, as well as our lot at 3018 University Ave SE. Look for the green signs!
