### ***Intro to Digital Surface Design for Fabric – Digital Class***

**Chloe Russell Chang**

To participate in this class, students will need to have a personal computer with access to Zoom video conferencing software, a strong internet connection with enough bandwidth for video, and the proper class materials. Students are responsible for a computer, internet, and procuring materials independently. The cost for materials is not included in the cost for registration.

Please make sure you have the following with you during class:

- Computer with access to Zoom AND iPad for coursework\*
- Procreate for iPad\*\* (\$12.99 at the Apple store)  
<https://apps.apple.com/us/app/procreate/id425073498>
- OPTIONAL: Apple Pencil for drawing. You can also draw using the motions of your fingers, but you will not be able to create fine details or pressure sensitive opacity/brush size.

**\* For the best experience, we highly recommend that students have both a device from which they join the Zoom meeting AND a separate iPad with Procreate; If you are planning use a single device to join the Zoom class, and operate the Procreate App, you will miss out on essential opportunities for real-time practice and feedback.**

**\*\*Please download Procreate well in advance of class to ensure the application will work with your iPad.**

Procreate is supported on the following iPad models:
