

## Textile Center Supply List

### ***Upcycled Braided Fabric Rug***

**Michelle Brick Nord**

#### Please bring with you to class:

- Fabric strips will be provided, but if you wish to bring your own textiles upcycle you may. Old clothing and bed linens work well, but knits such as tee shirts are very accommodating for beginners. If you bring your own textiles, look for fabrics that do not easily unravel or fray when cut. Unsuitable fabrics include sweater knits, chiffon, and fabric with a nap such as terry cloth.
- Sharp scissors
- Optional: a cutting mat, rotary cutting tool, and a straight edge.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
