

## Textile Center Supply List

### ***Rug Hooked Landscape***

**Linda Raether**

Please bring with you to class:

- \$75 materials fee, payable to the instructor at the start of class, to cover all materials needed to create one small hooked landscape (large selection of woolen cloth strips and yarns, linen backing fabric, wooden frame, simple rug hook tool, written instructions, and use of needle/thread, drawing paper, and drawing pencils and pens to work on your design). The instructor is able to modify the materials fee for students who already have a rug hook tool they would like to bring from home.
- A photograph of a landscape you would like to hook.
- Pair of scissors.
- Optional: bring a rug hook and frame or a 10-inch quilting hoop.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
