

Textile Center Supply List

Zippers: The Good, The Bad, The Frustrating
Colleen Kahn

Please bring with you to class:

- Materials fee \$15, payable to the instructor (includes 15-20 zippers per registrant as well as practice fabric)
- Sewing machine in good working order as well as your machine's zipper foot and invisible zipper foot. Students may need to purchase the invisible zipper foot as these do not always come standard with a machine's accessories. Please refer to your sewing machine manual for purchasing recommendations. Examples will be described in the first class meeting.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our newly purchased lot at 3018 University Ave SE. Look for the green signs!
