

Textile Center Supply List

Color Filled Bowls

Kris Livingston

Please bring with you to class:

- Working sewing machine with a zig zag stitch.
- Zig zag foot, ideally one that allows you to see your stitches.
- A 10 or 12 universal needle to sew your strips. A heavy-duty size 18 needle to sew the bowl. I use Singer Heavy Duty 110/18. Do not purchase a denim needle. They can be too thick.
- Sewing (40-50 weight) thread that will blend with your fabric. You can choose a variegated thread. Avoid old thread which may break.
- Bali Bowls pattern from Aunties Two.
- Coordinating cotton fabrics strips.
 - Option 1- Purchase a jelly roll with precut fabric strips. You will need ½ roll.
 - Option 2- Cut your own 2 ½ x 42-inch coordinating fabric strips. You will need at least 8 strips (total of about ¾-yard) to make a medium bowl. Bring some extra.
- Double-sided fusible cotton batting.
 - Option 1- order ½ yard and cut your own 2 ¼ strips.
 - Option 2- order Bosel's Duet Fuse II roll with precut strips. You will use ½ roll for a medium bowl.
- Basic sewing supplies: Pins, scissors, seam ripper, and small ruler.

Optional, but helpful

- Extension table for your machine.
- Quilt clips.
- Stylus or chopstick to push fabric as you form the bowl.
- Magnetic seam guide
- Jelly roll sasher tool

Before class: Cut your strips and batting if you are not using precuts. Thread 2-3 bobbins.

Where to find specialty supplies:

- All the specialized supplies listed are available at Affinity for Quilts and many other local quilt shops. Call ahead.
- Jelly rolls have forty 2 ½ by 42-inch coordinated fabric strips on a roll. They are easily found in local shops like Affinity for Quilts or City Block Quilt Shop. They are also at some Walmarts and Hobby Lobbys.

Online sources: (All are available on Amazon, but I want to provide other sources as well)
