Deconstruct, Reconstruct: How to Play With Your Clothes

Riley Kleve

Please bring with you to class:

- A not-so-precious button-up shirt to play around with in class. Shoulder alterations are a bit more challenging than class time will allow, so make the shirt fits in the shoulders.
- Coordinating fabric (shop the [Stashery](#) for additional fabrics and notions if needed!)
- A sewing machine in good working condition.
- Optional: Bring sewing notions used at home. Cutting mat, ruler, etc.

There will be time reserved at the end of class for clean-up. Please help this process go quickly by assisting the instructor.

Parking is available in the lot directly behind our building, as well as our lot at 3018 University Ave SE. Look for the green signs!
